Tay Ninh Province

CAREER GOAL

Short-term goal: With the foundation in logistics and international transportation, supply chain management, and international business that I have accumulated through both academic study and practical experience, I aim to apply this knowledge to develop my skills in data handling, problem-solving, and cross-departmental coordination, while actively contributing to the Company's operations and growth.

Long-term goal: I plan to pursue a postgraduate degree to further enhance my knowledge and skills in the near future.
